# Class Manager

Do you want to optimise your class planning at your facility? Then, our Class Manager feature is a great solution to consider.

Easily set up templates for each of your selection of classes for a certain period.

#### OPTIMISE YOUR PLANNING

Plan ahead with the Class Manager feature, and save time. Drag and drop your classes into the calendar, and use the week schedule for as long as you want.

For instance, you can make planning convenient by having a spring, summer, fall and winter schedule that takes the activity level and class demand at your facility into account.

#### CENTRAL AND LOCAL PLANNING

Class Manager is especially suitable for chains and businesses with multiple facilities. You decide whether the planning should be on a central or local level.

and flexible to find instructors for all your classes

Make it easy

### INCLUDE YOUR INSTRUCTORS

When your class schedule for a cetain period is set, you can forward the scedule to your instructors - giving them the opportunity to request the classes they prefer and that suits their schedule.

#### That way you:

- Avoid wasting time on communication with multiple instructors at the same time.
- Make it easy for you to finalise the class schedule.

All requests will be gathered in the system - giving you the ful overview.

#### TAKE PLANNING TO THE NEXT LEVEL

The Class Manager is convenient and easy to use. It gives a clear overview of all classes during a week and makes it simple to plan ahead - both for you and your instructors.
